

EASYCLEAN Sponges for Specific Surfaces

NON-SCRATCH ABRASIVE SPONGE WITH PICTOGRAM FOR HYGIENIC SURFACE MANAGEMENT

User guide

DESCRIPTION:

EASYCLEAN SPONGES FOR SPECIFIC SURFACES are non-scratch abrasive sponges made of synthetic fiber with a white non-scratch abrasive layer. They are suitable for routine cleaning of kitchens, bathrooms, glass and delicate surfaces.

Available in four color-coded versions with an identification pictogram, they help you clearly separate cleaning areas and support more organized hygiene management in both domestic and professional environments.

FIELDS OF APPLICATION:

Suitable for routine cleaning of:

- kitchen
- bathroom
- glass and mirrors
- delicate surfaces
- professional environments

It ensures effective hygiene and surface protection without the risk of scratches on compatible materials.

CHARACTERISTICS:

EASYCLEAN SPONGES FOR SPECIFIC SURFACES are non-scratch abrasive sponges designed for effective yet gentle cleaning in both domestic and professional environments. In particular:

- they are made of synthetic fiber with a white non-scratch abrasive for controlled, non-aggressive cleaning action;
- they feature an identification pictogram that clearly indicates the intended area of use;
- they are available in four different colors to distinguish cleaning areas and support proper hygiene management;
- they are suitable for porcelain, non-stick cookware, glass-ceramic cooktops, enameled pans, glass and mirrors;
- they are ideal for cleaning kitchens, bathrooms, glass and delicate surfaces;
- they provide comfort and control thanks to their ergonomic shape;
- they are suitable for both domestic and professional use, ensuring scratch-free results.

INSTRUCTIONS FOR USE:

- Select the sponge in the color with the pictogram corresponding to the intended area of use (kitchen, bathroom, glass or general surfaces);
- Dampen the sponge before use;
- Use it on the surface to be cleaned, if necessary together with the most suitable detergent;
- Rub gently, applying pressure according to the type of material;
- After use, rinse thoroughly and allow it to dry.

PRECAUTIONS:

None.

NOTES:

Our recommendations are based on current research knowledge and are intended to give the best information to the buyer-user. However, these indications require preliminary examinations and tests to the fields of use, to the types of materials present and to the various conditions of application. The user decides independently on suitability and on the field of use. MARBEC Srl assumes no responsibility for the incorrect use of its products.
