

EASYCLEAN Stainless Steel Scouring Pad

STAINLESS STEEL METAL MESH SCOURING PAD FOR ENCRUSTATIONS AND STUBBORN DIRT

User guide

DESCRIPTION:

EASYCLEAN STAINLESS STEEL SCOURING PAD is a professional-grade stainless steel scrubber designed to remove encrustations, burnt grease and carbonized residues from pots, grills, stovetops and resistant metal surfaces. Made of woven stainless steel, it does not rust, does not lose its shape with prolonged use and does not retain odors or debris.

Available in 60 g and 80 g formats, it is suitable for both domestic and professional use, ensuring effective and long-lasting cleaning on compatible surfaces.

FIELDS OF APPLICATION:

Suitable for deep cleaning of:

- pots
- pans
- baking trays
- grills
- stovetops
- sinks
- stainless steel equipment

Ensures effective removal of encrustations and residues from resistant metal surfaces.

CHARACTERISTICS:

EASYCLEAN STAINLESS STEEL SCOURING PAD is a professional accessory designed for the effective removal of stubborn dirt from cookware and metal surfaces. In particular:

- it is made of durable stainless steel to ensure long-lasting performance without rusting or deforming with prolonged use;
- it is available in two versions, 60 g and 80 g, to suit different cleaning needs and levels of buildup;
- it effectively removes encrustations, burnt grease and carbonized residues from pots, grills and stovetops;
- it does not retain odors or debris, supporting more hygienic use over time;
- it is suitable for pots, pans, baking trays, grills, stovetops, sinks and stainless steel equipment;
- it is ideal for both domestic and professional environments, including kitchens, restaurants and catering facilities;
- it maintains consistent abrasive performance even after repeated use and rinsing.

INSTRUCTIONS FOR USE:

- Lightly moisten the stainless steel scouring pad before use.
- Use it on resistant metal surfaces to remove encrustations, burnt grease and carbonized residues.
- Scrub applying pressure according to the level of dirt.
- After use, rinse thoroughly under running water to remove residues and keep it ready for the next application.

Do not use on non-stick or delicate surfaces.

PRECAUTIONS:

None.

NOTES:

Our indications are based on the current knowledge of the research and are intended to give the best guidance to the buyer-user. However, such indications require preliminary examination and testing of the fields of use, the types of materials present and the various conditions of application. The user decides independently on the suitability and the field of use. MARBEC Srl assumes no responsibility for the incorrect use of its products.

WARNINGS:

PACKAGING:

- Stainless steel scouring pad 60 g – pack of 1 piece
