

EASYCLEAN 700112 FIXED ALUMINIUM HANDLE 140 CM

PROFESSIONAL ANODIZED ALUMINIUM HANDLE FOR FLOOR CLEANING SYSTEMS

User guide

DESCRIPTION:

Professional floor cleaning handle made from anodized aluminium, lightweight, rust-resistant, and highly durable. Designed to provide maximum comfort during use, promote an ergonomic working posture, and ensure compatibility with a wide range of professional floor cleaning frames, mops, and accessories.

FIELDS OF APPLICATION:

Professional and domestic cleaning of floors and surfaces in residential, commercial, and industrial environments, including offices, hotels, schools, healthcare facilities, production areas, and private homes.

CHARACTERISTICS:

Provides excellent mechanical strength, outstanding stability during use, and long-lasting durability. Its lightweight design helps reduce operator fatigue and improves cleaning efficiency, even during extended cleaning tasks.

INSTRUCTIONS FOR USE:

Insert the handle into the compatible frame or accessory and secure it using the designated fixing hole. Use with suitable mops, applicator sleeves, or cleaning systems. After use, rinse if necessary and allow it to dry before storage.

PRECAUTIONS:

Do not use the handle as a lever or lifting tool. Avoid strong impacts, excessive force, or improper use that could compromise its structural integrity and performance over time.

NOTES:

Compatible with EASYCLEAN professional cleaning frames, mops, and systems, as well as accessories equipped with a standard attachment system.

WARNINGS:

PACKAGING:

Sold as a single item.

YIELD:

Not applicable. This product is a durable accessory and is not consumed during use.

TECHNICAL DATA:

- Material: anodized aluminium
- Length: 140 cm
- Diameter: 23 mm
- Fixing system: end fixing hole for accessories
- Weight: lightweight
- Resistance: rust-resistant and wear-resistant

STORAGE:

Store in a clean, dry place away from heat sources and corrosive substances. Avoid excessive loads during storage.
