

DETERBRILL

CONCENTRATED RINSE AID DETERGENT FOR WAXED FLOORS IN STONE MATERIAL

User guide

DESCRIPTION:

Concentrated cleaning solution with degreasing properties based on non-ionic and cationic surfactants, coconut soap and vegetable flavors.

FIELDS OF APPLICATION:

For the ordinary cleaning of stone materials treated with waxy or resin-waxy glossy finishes, such as cotto, glazed ceramic, natural stone, terrazzo, synthetic surfaces.

CHARACTERISTICS:

DETERBRILL is a neutral detergent concentrate not aggressive specific for stone material floors treated with wax, such as terracotta, natural stone, terrazzo, cement tiles, and cement agglomerates.

DETERBRILL:

- cleanses the surface while maintaining the shine of the waxed treatment;
- combines the cleansing action with an effective degreasing action;
- leaves no halos and releases a pleasant lemon fragrance in the rooms.

INSTRUCTIONS FOR USE:

The concentration of use depends on the type of dirt to be removed.

Dosages:

- Diluted 1 part of DETERBRILL in 4 equal parts of hot water: for stubborn dirt in the extraordinary cleaning of the treated hard surfaces;
 - Spread the product on the surface with a rag and leave for a few minutes;
 - Rub the surface with red buffer;
 - Then rinse with clean water.
- Dilute 30-40 cc of DETERBRILL in 1 liter of water: for normal dirt in the periodic cleaning of hard treated surfaces;
 - It is applied as a normal detergent with microfiber cloth.
- Dilute 8-10 cc of DETERBRILL in 1 litre of water: for daily cleaning of treated floor surfaces.
 - It is applied as a normal detergent with microfiber cloth.

PRECAUTIONS:

- do not use on glazed ceramic, porcelain tiles, klinker.

NOTES:

Our indications are based on the current knowledge of the research and are intended to give the best guidance to the buyer-user. However, such indications require preliminary examination and testing of the fields of use, the types of materials present and the various conditions of application. The user decides independently on the suitability and the field of use. MARBEC Srl assumes no responsibility for the incorrect use of its products.

PACKAGING:

- 1 lt PE bottle in box 6 pcs;
- 5 lt PE tank in box 4 pcs.

YIELD:

- Depending on the concentration of use.

TECHNICAL DATA:

- Physical state: dense green liquid
- Specific gravity (g/cm³): 1,00
- Perfume: lemon
- pH (20°C): 8
- Flame point (ASTM): non-flammable
- Solubility in water: soluble in water

STORAGE:

Keep the product tightly closed at temperatures between 0 °C and +30 °C and not exposed to sunlight for a long time. The stored product has a useful life of 2 years.
