

EASYCLEAN 30 HAND SCRUB BRUSH

MANUAL SCRUB BRUSH WITH STIFF BRISTLES FOR DURABLE SURFACES

User guide

DESCRIPTION:

EASYCLEAN 30 HAND SCRUB BRUSH is a manual scrub brush with an ergonomic handle and stiff bristles, designed to increase mechanical cleaning action on walls, building facades, floors and other durable indoor and outdoor surfaces. It is especially suitable for rough, porous and uneven materials and can be used together with Marbec cleaning products to help loosen stubborn dirt.

FIELDS OF APPLICATION:

EASYCLEAN 30 HAND SCRUB BRUSH is a manual scrub brush with stiff bristles, designed to enhance mechanical cleaning action on durable indoor and outdoor surfaces. It is suitable for both routine and deep cleaning of rough, porous and uneven materials when used together with the appropriate Marbec cleaning products.

Recommended for:

- cleaning walls and building facades;
- cleaning durable plaster surfaces;
- cleaning rough or flamed natural stone;
- cleaning concrete and cement-based surfaces;
- cleaning outdoor floors and exterior wall coverings;
- cleaning durable vertical and horizontal surfaces requiring intensive mechanical scrubbing;
- use together with Marbec cleaning products to help loosen stubborn dirt.

CHARACTERISTICS:

EASYCLEAN 30 HAND SCRUB BRUSH increases mechanical cleaning action during manual cleaning operations, making it easier to loosen dirt from durable surfaces.

- improves cleaning performance on rough, porous and uneven surfaces;
- works effectively on both vertical and horizontal surfaces;
- enhances the action of cleaning products during washing operations;
- provides a secure grip and excellent handling during use;
- washable and reusable;
- available in assorted colours supplied according to stock availability.

INSTRUCTIONS FOR USE:

- Apply the most suitable cleaning product according to the surface and the type of dirt, following the product instructions.
- Scrub the surface with the EASYCLEAN 30 HAND SCRUB BRUSH using even pressure until the dirt has been loosened.
- After cleaning, rinse the treated surface thoroughly and remove any remaining detergent residue.
- After use, wash the brush with clean water and allow it to dry completely before storing.

PRECAUTIONS:

- Before use, check that the brush is suitable for the surface by testing it on a small, inconspicuous area.
- Do not use on delicate, polished, painted or easily scratched surfaces without first verifying their resistance to mechanical scrubbing.
- After use, wash the brush thoroughly to remove detergent residues and allow it to dry before storage.

NOTES:

Our indications are based on the current knowledge of the research and are intended to give the best guidance to the buyer-user. However, such indications require preliminary examination and testing of the fields of use, the types of materials present and the various conditions of application. The user decides independently on the

suitability and the field of use. MARBEC Srl assumes no responsibility for the incorrect use of its products.
