

PULI-SCRUB MICROFIBRE MOP WITH VELCRO BACKING | FILMOP

ULTRA-MICROFIBRE SCRUB MOP WITH VELCRO BACKING

User guide

DESCRIPTION:

PULI-SCRUB MICROFIBRE MOP WITH VELCRO BACKING | FILMOP is an ultra-microfibre cleaning mop with polypropylene scrubbing fibres, designed for routine and deep cleaning of rough, slip-resistant and textured floors. Its excellent dirt pick-up capacity and mechanical scrubbing action help remove stubborn dirt trapped in surface pores and textured finishes. The Velcro backing ensures quick, secure attachment to compatible frames, delivering practical handling and consistently effective cleaning results in both domestic and professional environments.

FIELDS OF APPLICATION:

The mop is designed for routine and deep cleaning of rough, slip-resistant and textured floors. The combination of ultra-microfibre and polypropylene scrubbing fibres helps remove stubborn dirt trapped in surface pores and textured finishes, improving overall cleaning performance. It is compatible with mop frames featuring a Velcro fastening system.

Ideal for:

- slip-resistant and textured porcelain tiles;
- natural terracotta;
- natural stone;
- rough and microporous surfaces.

CHARACTERISTICS:

PULI-SCRUB MICROFIBRE MOP WITH VELCRO BACKING | FILMOP is designed to:

- effectively remove stubborn dirt from rough, slip-resistant and textured floors;
- clean surface pores and textured finishes thanks to the polypropylene scrubbing fibres;
- provide excellent dirt and cleaning solution retention;
- distribute the cleaning solution evenly across the surface;
- attach quickly and securely to Velcro mop frames;
- deliver long-lasting performance thanks to its washable and reusable construction.

INSTRUCTIONS FOR USE:

- Attach the PULI-SCRUB microfibre mop to a compatible Velcro mop frame.
- Use the mop with clean water or a cleaning solution suitable for the floor surface.
- After cleaning, wash the mop thoroughly and allow it to dry completely before reuse.

PRECAUTIONS:

- Use only with compatible Velcro mop frames.
- Wash the mop after each use to maintain its cleaning performance.
- Do not use bleach or fabric softeners during washing.
- Allow the mop to dry completely before storing or reusing it.

NOTES:

Our indications are based on the current knowledge of the research and are intended to give the best guidance to the buyer-user. However, such indications require preliminary examination and testing of the fields of use, the types of materials present and the various conditions of application. The user decides independently on the suitability and the field of use. MARBEC Srl assumes no responsibility for the incorrect use of its products.

WARNINGS:
