

# PULIBRILL®

## CONCENTRATED NEUTRAL PH CLEANER FOR PARQUET AND WOODEN SURFACES

### User guide

#### DESCRIPTION:

Concentrated cleaning solution based on non-ionic and cationic surfactants, coconut soap and plant-based fragrances, specifically developed for the routine and non-aggressive deep cleaning of parquet and wooden surfaces. Its neutral pH formula effectively removes dirt while respecting the natural characteristics of the wood and its finishes, helping preserve the original treatment and its shine over time.

#### FIELDS OF APPLICATION:

PULIBRILL® is recommended for:

- varnished parquet
- oiled parquet and wooden surfaces
- waxed parquet and wooden surfaces
- unfinished parquet and wooden surfaces

#### CHARACTERISTICS:

PULIBRILL® is a concentrated neutral pH gloss cleaner specifically developed for cleaning parquet and wooden surfaces.

PULIBRILL®:

- is suitable for routine cleaning and non-aggressive deep cleaning of parquet and wooden surfaces;
- can be used on varnished, oiled, waxed and unfinished wood;
- effectively removes dirt without damaging the surface;
- respects the natural characteristics of the wood and its finishes;
- helps preserve the shine of the original treatment over time.

#### INSTRUCTIONS FOR USE:

The recommended dilution of PULIBRILL® depends on the type and amount of dirt to be removed.

##### Routine cleaning

- Dilute 10–15 cc of PULIBRILL® in 1 litre of water.
- Apply the solution like a standard cleaner using a microfibre cloth.
- At the recommended dilution, PULIBRILL® can also be used with scrubber dryers.

##### Non-aggressive deep cleaning

- Dilute 100–200 cc of PULIBRILL® in 1 litre of water.
- Spread the solution over the surface using a cloth or mop.
- Leave the product to act for a few minutes.
- Scrub with a white pad.
- Rinse thoroughly with clean water.

#### PRECAUTIONS:

- None.

#### NOTES:

Our recommendations are based on current research knowledge and are intended to give the best information to the buyer-user. However, these indications require preliminary examinations and tests to the fields of use, to the types of materials present and to the various conditions of application. The user decides independently on suitability and on the field of use. MARBEC Srl assumes no responsibility for the incorrect use of its products. Rev9-Ver101023

## WARNINGS:
