

WHITE BUFFER PAD MARBEC | No Abrasion

DEEP CLEANING

User guide

DESCRIPTION:

FIELDS OF APPLICATION:

The **WHITE PAD** from the Marbec EASYCLEAN line is a rectangular sponge made of synthetic fibers without abrasives, designed to operate safely on the most delicate surfaces.

When combined with Marbec cleaners, it can be used in various contexts:

- Routine and deep cleaning of sensitive materials such as marble, mirrors, furniture, hoods, and delicate surfaces.
- Polishing of metals such as stainless steel, copper, silver, and silver-plated items.
- Polishing wax finishes on wax-treated floors to enhance their brilliance and uniformity.

A versatile and reliable accessory, ideal for achieving well-maintained surfaces and restoring materials to their optimal aesthetic and functional condition.

WHITE PAD:

- Size: 250 x 115 x 25 mm.
- Made of synthetic fibers resistant to chemicals.
- Easily washable with water and reusable.
- Ideal for surfaces such as polished marble, furniture, delicate surfaces, metals, and wax-treated surfaces.

CHARACTERISTICS:

The **WHITE PAD** is usually used together with Marbec products according to the cleaning and treatment needs:

- **VETRONET** for extraordinary cleaning of glass, mirrors, and shiny surfaces.
- **SANI-KAL FORTE** for strong descaling cleaning of glass, crystals, and sanitary fixtures.
- **CREAM INOX** for cleaning and polishing stainless steel and aluminum surfaces in domestic environments.
- **METALUX** for cleaning and polishing silver, silver-plated, bronze, stainless steel, aluminum, and copper surfaces.
- **LUXORY METAL** for cleaning and polishing stainless steel and aluminum surfaces in marine environments.
- **LUXOR** for dry polishing of the finishing treatment of compact and glossy absorbent stone materials (polished marble and granite) with ultra-fine finish.
- **IDROFIN LUCIDO** for dry polishing of the finishing treatment of absorbent stone materials.
- **POLIFIN** for dry polishing of the finishing treatment of absorbent stone materials.
- **REFIX LUCIDO** for dry polishing of the periodic maintenance treatment of absorbent stone materials.
- **BIOTOP** for dry polishing of the finishing treatment of wood surfaces treated with oil-based impregnating products.
- **LIGNOLIFE** for dry polishing of the protective restoring finish of glossy varnished flooring.
- **CAREZZA PLUS** for dry polishing of wax paste finishing on wooden floors.
- **LIGNOLUX** for dry polishing of the maintenance finish of waxed wooden floors.
- **BIOCARE** for dry polishing of the maintenance finish of oiled wooden floors.
- **PULI INFISSI** for extraordinary cleaning of frames and fixtures.
