

PULI TEX

DETERGENT FOR TEXTILES AND UPHOLSTERY

User guide

DESCRIPTION:

Concentrated alkaline detergent solution based on inorganic salts.

FIELDS OF APPLICATION:

For cleaning and removing dirt and stains on upholstery fabrics such as sofas, carpets, moquettes, car upholstery, eco-leather.

CHARACTERISTICS:

PULI TEX is a detergent for cleaning and removing dirt and stains on upholstery fabrics such as sofas, carpets, moquettes, car upholstery, eco-leather.

PULI TEX:

- quickly and deeply removes all dirt, even the most stubborn, from upholstery fabrics;
- does not leave halos;
- does not contain strong alkalis (caustic soda, potash, ammonia), solvents;
- has low foaming.

INSTRUCTIONS FOR USE:

Ready to use.

- Spray on the surface to be cleaned, wait a few minutes and rub the surface with sponge, blue buffer or soft cloth;
- Dab the residue with a dry cloth;
- Repeat if necessary;
- Then rinse the surface with a cloth wet with water.

PRECAUTIONS:

- do not use on materials not resistant to water and moisture (e.g. wood, paper).

NOTES:

Our indications are based on the current knowledge of the research and are intended to give the best guidance to the buyer-user. However, such indications require preliminary examination and testing of the fields of use, the types of materials present and the various conditions of application. The user decides independently on the suitability and the field of use. MARBEC Srl assumes no responsibility for the incorrect use of its products.
