

PULI FUMO

STRONG DEGREASER CLEANER FOR OVENS, BARBECUES, STOVES AND OVENS

User guide

DESCRIPTION:

Strong alkaline detergent solution.

FIELDS OF APPLICATION:

For deep, degreasing and descaling cleaning of ovens, grills, barbecues, glasses of fireplaces and stoves, ovens and pots.

CHARACTERISTICS:

PULI FUMO is a strong degreasing detergent for the ordinary cleaning of cooking ovens, barbecues, grills, glasses of fireplaces and stoves, pots and ovens.

PULI FUMO:

- easily and quickly break down and remove carbon residues, greasy substances, soot and tougher carbon black;
- it is ideal for cleaning ovens and barbecues. Regular use of **PULI FUMO** prevents crusts and odours, ensuring a clean oven;
- can facilitate the cleaning of encrusted pots and pans, offering a practical and effective solution to this common household problem;
- it is suitable for cleaning fireplace and stove glass, removing soot and encrustations on these surfaces;
- contains no solvents or perfumes and is odourless.

INSTRUCTIONS FOR USE:

Ready to use. Use on cold surfaces.

- Spray on the surface to be cleaned/degreased;
- Wait a few minutes and rub the surface with oven buffer or PBT brush;
- Finally rinse with warm water;
- In case of stubborn dirt increase the contact time of **PULI FUMO** with the surface to be cleaned.

PRECAUTIONS:

- Do not use **PULI FUMO** on microwave ovens, unpainted glazed aluminum oven.

NOTES:

Our indications are based on the current knowledge of the research and are intended to give the best guidance to the buyer-user. However, such indications require preliminary examination and testing of the fields of use, the types of materials present and the various conditions of application. The user decides independently on the suitability and the field of use. MARBEC Srl assumes no responsibility for the incorrect use of its products.
