

SPOT LESS

DETERGENT FOR WORKING CLOTHES

User guide

DESCRIPTION:

Concentrated liquid detergent based on surfactants and water-soluble solvents.

FIELDS OF APPLICATION:

For washing work clothes (overalls, aprons, dressing gowns, etc.).

CHARACTERISTICS:

SPOT LESS is a specific detergent for cleaning professional heavily stained work clothes (e.g. overalls, aprons, dressing gowns).

SPOT LESS:

- can be used for both manual and washing-machine washes;
- removes any kind of dirt from clothing; in particular, removes synthetic fats and mineral oils from fabrics difficult to remove with normal laundry detergents;
- cleans and renews work clothes.

INSTRUCTIONS FOR USE:

For washing in the washing machine:

- set the washing temperature to 90 °C and exclude prewash;
- use about 250 ml of product according to dirt.

For washing by hand:

- pour a sufficient amount of SPOT LESS on the most persistent stains;
- leave to act about 10 minutes;
- after the contact time, rub the fabric repeatedly;
- rinse thoroughly with water.

Dosage:

Recommended doses for 5 suits according to water hardness (French grades):

- 220 ml fresh (0-15);
- 250 ml medium (15-25);
- 280 ml hard (>25).

A cap contains about 100 ml of product.

PRECAUTIONS:

- Use only on work clothes.

NOTES:

Our indications are based on the current knowledge of the research and are intended to give the best guidance to the buyer-user. However, such indications require preliminary examination and testing of the fields of use, the types of materials present and the various conditions of application. The user decides independently on the suitability and the field of use. MARBEC Srl assumes no responsibility for the incorrect use of its products.
